

Their Future Depends On Us

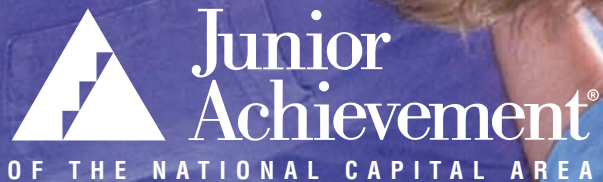

Annual Report 2007

## Vision and Purpose

*To inspire and prepare young people to succeed in a global economy.*

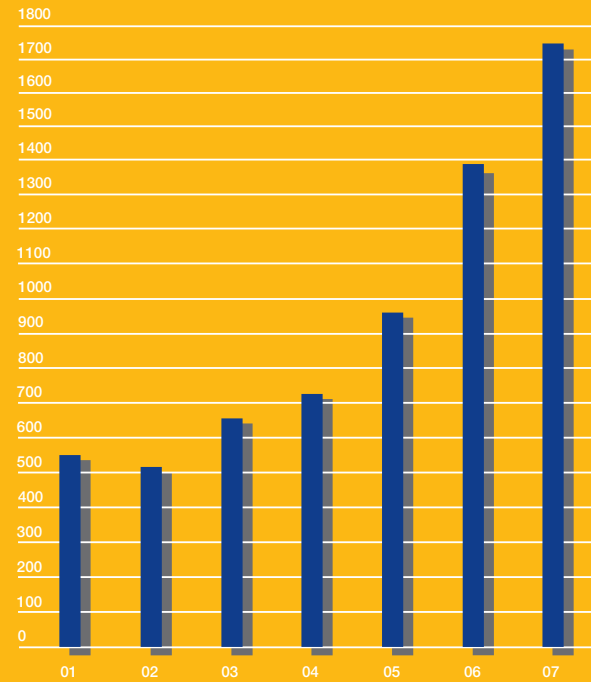

## Junior Achievement

*uses hands-on experiences to help young people understand the economics of life. In partnership with business and educators, Junior Achievement brings the real world to children, opening their minds to their potential.*

# Year At A Glance

## Volunteers

## From a Volunteer

*"I heard about volunteering with JA from one of my co-workers at IBM. I was really nervous about speaking in front of a whole class and was worried about how I would do as a teacher. However, JA's teaching program was really easy to follow and every week it was hearing the kids say "You're coming back next week, right?" that made it all worth it. After the kids left for summer vacation I received a package from their teacher and inside was a book of thank you letters, one from each fourth-grader. They each recounted various lessons we had learned and games we had played. As I read each of their letters I realized how in just six weeks I saw one of the greatest joys of teaching, helping children get excited about learning."*

Layla Bonnot  
Consultant  
IBM

## From a Teacher

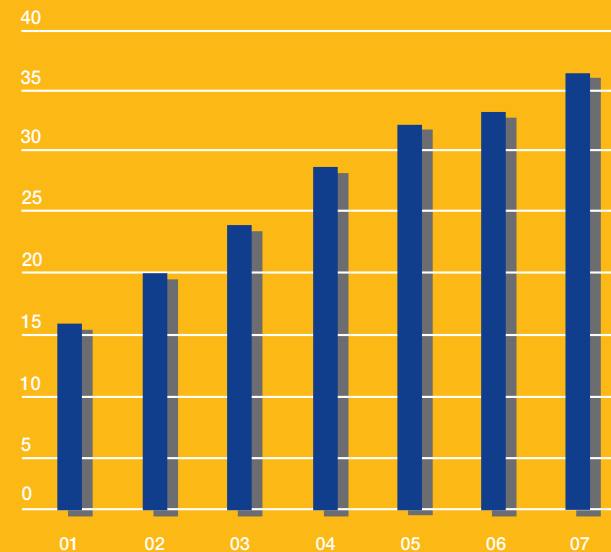

*"Junior Achievement has provided a phenomenal learning experience and opportunity for the George C. Marshall High School finance students and Future Business Leaders of America (FBLA) members. The JA Success Skills program exposed the students to a variety of interview techniques, taught them how to create and maintain their own personal portfolio, and enhanced their interpersonal skills through group projects. The JA volunteer was great and the students were very receptive to the program and curriculum."*

*"Our FBLA members became JA volunteers and educated second graders using the JA Our Community program teaching them about business and economic concepts. This partnership allowed the younger generation to have high schools students as mentors, encouraging them to follow in their footsteps. JA provided us with an excellent curriculum and made it easy to impact students."*

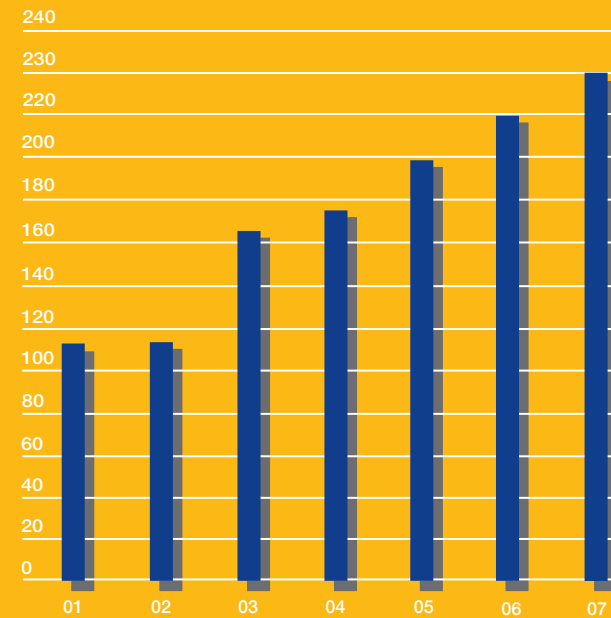

Kimberly Fields  
Department Chair of Business & Information Technology  
George C. Marshall HS  
Falls Church, VA

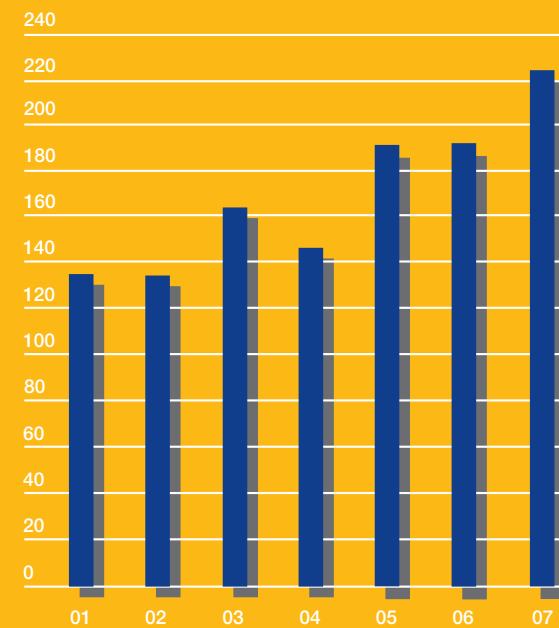

## Students Served (in thousands)

## In-School and After School Sites

## Student Contact Hours (in thousands)

## From a Student

*"Not only have the hands-on programs helped me during this adventure, but the volunteers at the Finance Park have taught me how to make smart decisions when spending and saving my money... All that I have learned from it I will use towards my career and other necessities in my life, and I will assist others so they will be financially intelligent as well."*

Asia Goode  
9th Grade  
Duke Ellington School of the Arts  
Washington, DC

# Their Future Depends On Us

Dear Community Members:

***“Their Future Depends on Us.”*** At first read, this statement sounds intimidating. But, as leaders in the Greater Washington Region, it is incumbent upon us to leverage our actions to better prepare the young people in our community for successful futures.

Our nation’s economic growth is being driven by the transition to a knowledge economy. Greater Washington continues to be at the forefront of this transition. For metro areas such as ours, the days of manufacturing jobs driving the economy are behind us, replaced by high-skill, high-growth careers that require more education and increased dedication.

To succeed in this changing competitive global economy, our young people still need a strong foundation in the basic 3 Rs; reading, writing and arithmetic. But, assessments show that American middle school and high school students lag behind those in other industrialized countries, especially in the subjects of math and science.

This is where Junior Achievement (JA) makes the difference.

While JA programs emphasize the 3 Rs, the real power of our programs is in teaching students the 4th R...relevance. JA programs help young people understand the relevance of what they are learning in the classroom and show them how to apply this learning to accomplishing life goals. We show them the connection between education and the ability to pursue challenging and rewarding careers as adults.

At the same time, JA programs enhance students’ life skills by teaching them how to work with budgets, use credit, save for the future and look at life with an entrepreneurial perspective full of opportunity and challenge.

All of these lessons are delivered annually by dedicated and caring volunteers from area businesses and organizations to nearly 36,000 elementary, middle and high school students in the Greater Washington Region. This Annual Report endeavors to recognize the many individuals, groups and organizations that have helped us achieve success over the past 12 months.

If you are already a supporter of Junior Achievement, we thank you for all that you do. If you are just learning about JA, or have thought about getting involved, we would like to hear from you, as would the thousands of young people we serve...because as much as ***“Their Future Depends on Us,”*** it is also true that ***“our future depends on them.”***

**Edward J. Grenier III**  
President and Chief  
Executive Officer  
Junior Achievement of the  
National Capital Area

Snider & Weinstein, PLLC

# Youth Entrepreneur of the Year

In June, Junior Achievement (JA) and Ernst & Young, LLP proudly presented Brittany Olin with the 2007 Youth Entrepreneur of the Year Award during the Ernst & Young Entrepreneur of the Year® Greater Washington Awards Gala at the Ritz Carlton in Tysons Corner.

2007 Youth Entrepreneur of the Year winner, Brittany Olin, with Master of Ceremonies Mark Bisnow, JA President Ed Grenier, and E&Y Partner Jon Shames.

Each year, the honor recognizes an area high school student who embodies the entrepreneurial spirit promoted by JA and who demonstrates the ability to successfully launch and manage a business.

Brittany is an Honor Student at Freedom High School in Woodbridge, Virginia and actively volunteers in her community. She managed to turn an eighth grade hobby into a full-blown business. After attending a class at a local craft store, Brittany saw jewelry making as a fun way to express her creativity. When people started asking where they could purchase similar jewelry, Brittany recognized an opportunity to expand her hobby into a business. She launched Bee Jewelry ([www.bee-jewelry.com](http://www.bee-jewelry.com)) in the summer of 2004.

Junior Achievement and Ernst & Young congratulate this young entrepreneur for her success. Brittany was also the Student Keynote Speaker at the 2007 Washington Business Hall of Fame.

# Superintendents' Perspective

**Dr. Jack D. Dale\***

Superintendent  
Fairfax County Public Schools

**Dr. John E. Deasy**

Chief Executive Officer  
Prince George's County Public Schools

**Dr. Timothy J. McNiff\***

Superintendent of Schools  
Diocese of Arlington

**Ms. Rebecca Perry\***

Alexandria City Public Schools

**Ms. Michelle Rhee**

Chancellor  
District of Columbia Public Schools

**Dr. Robert G. Smith\***

Superintendent  
Arlington County Public Schools

**Dr. Jerry Weast\***

Superintendent  
Montgomery County Public Schools

**Dr. Patricia Weitzel-O'Neill\***

Superintendent for Catholic Schools  
Archdiocese of Washington, DC

"Junior Achievement programs are proven, valuable resources for teaching our students entrepreneurial skills and preparing them for an increasingly competitive workplace. Junior Achievement programs support standards of learning, can be integrated into curricula, and give students an opportunity for practical applications of business and economic concepts. As Superintendents, we strongly endorse Junior Achievement and the educationally sound, professionally delivered, and relevant programs that Junior Achievement provides."

\* Serves on Junior Achievement Board of Directors

# Programs

Junior Achievement uses hands-on experiences to help young people understand the economics of life. In partnership with businesses and educators, Junior Achievement brings the real world to students, opening their minds to their potential. Throughout JA's sequential and integrated kindergarten through grade 12 programs, students use information, apply basic skills, think critically, and solve complex problems. JA is the successful bridge between education and business. Junior Achievement of the National Capital Area served 35,948 children in the 2006–2007 academic year through in-classroom and after-school programs.

## Elementary School

The Elementary School Programs include six sequential themes for kindergarten through fifth-grade students. Students learn the basic concepts of business, economics and financial literacy seeing the relevance of education to the workplace. The sequential activities build on studies from each preceding grade and prepare students for secondary school and lifelong learning. The six program themes also teach students that people assume roles as individuals, consumers, and workers in an expanding cultural environment that extends from the self and family to global relations. Junior Achievement of the National Capital Area reached 18,607 elementary school students during the 2006–2007 academic year.

**Ourselves® (Kindergarten)** uses compelling stories read aloud by the volunteer along with hands-on activities to demonstrate helping, working, earning, and saving.

**Our Families® (First Grade)** emphasizes the roles people play in the local economy and engages students with activities about needs and wants, jobs, tools and skills, and interdependence.

**Our Community® (Second Grade)** explores the interdependent roles of workers in a community, the work they perform, and how communities work.

**Our City® (Third Grade)** studies careers, the skills people need to work in those careers, and how businesses contribute to a city.

**Our Region® (Fourth Grade)** introduces the relationship between the natural, human, and capital resources found in different regions and explores regional businesses that produce goods and services for consumers.

**Our Nation® (Fifth Grade)** examines how businesses operate in the United States. Students role play business ownership, interview for jobs, and learn different methods of production while exploring various economic issues that impact business.

**Capstone Experience JA BizTown™** Elementary school students are not old enough to drive, work, vote, or be the boss. But that does not stop them from operating banks, managing restaurants, writing checks, and voting for mayor at JA Biztown. The program combines in-class learning with a day-long visit to JA World™ - a fully interactive simulated town facility. JA Biztown helps students connect the dots between what they learn in school and the real world.

## Middle School

Junior Achievement has several highly effective programs for middle grade and junior high school students that reinforce the value of education and teach students about the future economic benefits of staying in school. Students are introduced to many economic concepts and useful facts about the working world. The Middle Grade Programs build on concepts learned in Junior Achievement's Elementary School Programs and help teens

make difficult decisions about how to best prepare for their educational and professional future. The programs supplement standard social studies curricula and help to develop communication skills that are essential to success in the business world. Junior Achievement of the National Capital Area served 6,001 middle school students during the 2006–2007 academic year.

**JA America Works™** educates students about the role entrepreneurship played in the history of the United States by focusing on key elements of American business and economic development.

**JA Economics for Success™** explores personal finance, students' education, and career options based on their skills, interests, and values.

**JA Global Marketplace™** provides practical information about the global economy and its effects on students' lives.

**Capstone Experience JA Finance Park™** helps students build a foundation for making intelligent, lifelong, personal financial decisions through hands-on, realistic site-based experiences.

**Local Program Sliding Into Succe\$\$™** is a curriculum-based experience developed in partnership with the Washington Nationals that teaches basic concepts of math and money management by using baseball as an educational platform.

## High School

As high school students begin to position themselves for their future, there are many unanswered questions about what lies ahead. Junior Achievement's High School Programs help students make informed, intelligent decisions about their future and foster skills that will be highly useful in the business world. With a range of different programs, Junior Achievement teaches about concepts from microeconomics and macroeconomics to free enterprise. The volunteers bring real-life business experience and guidance into the classroom at a time that represents an essential crossroads for young people. Junior Achievement of the National Capital Area served 7,356 high school students during the 2006–2007 academic year.

**JA Banks in Action™** teaches high school students the principles of the banking industry and introduces them to the challenges of successfully operating a bank in a competitive environment.

**JA Business Ethics™** fosters students' ethical decision-making as they prepare to enter the workforce and take part in the global marketplace.

**JA Careers with a Purpose™** introduces students to the importance of seeking careers that help them realize their life potential and noble purpose.

**JA Company Program™** analyzes and explores personal opportunities and responsibilities within a high school student-led enterprise.

**JA Economics™** examines the fundamental concepts of micro-, macro-, and international economics.

**Junior Achievement Presents: The NEFE High School Financial Planning Program™** introduces students to the importance of making wise financial decisions.

**JA Success Skills™** has students participate in challenging exercises to help them develop personal strategies to achieve lifelong learning pursuits and career opportunities.

**JA Titan™** introduces critical economics and management decisions through an interactive Web-based simulation.

**Capstone Experience JA Job Shadow™** introduces high school students to careers through one-day on-site orientations in the workplace.

**Local Program 4th & Life™** is a curriculum-based experience developed in partnership with the Washington Redskins for high school football players that focuses on what it takes to be successful on the field, in the classroom, and in the workplace.

**Local Program Apply Within™** is a tool for teachers and counselors to use as they assist students considering career opportunities in their own community.

## After-School

Junior Achievement offers regular classroom programs in an after-school setting as well as two programs designed specifically for after-school, JA Dollars and Sense and JA It's My Business! These programs meet the after-school programming needs of a diverse group of youth by providing engaging, academically enriching, and experiential learning sessions in economic education. JA Dollars and Sense encompasses economics and business curriculum for students in grades three through five, while JA It's My Business! covers material appropriate for grades six through eight. Junior Achievement of the National Capital Area reached 3,984 after-school students during the 2006–2007 academic year.

**JA Dollars and Sense™** teaches elementary students about earning, sharing, saving, and spending money, and businesses they can start or jobs they can perform to earn money.

**JA It's My Business!™** teaches middle grade students entrepreneurial skills through innovative activities that focus on filling a need, knowing your customer and product, being creative and innovative, and believing in yourself.

Kim Ph.D., President, Lucent Technologies, Bell Labs; John E. Akridge, III, Chairman, Akridge; and B.F. Saul II, Chairman & Chief Executive Officer, Chevy Chase Bank.

**Funds Raised (\$ in Thousands)**

WASHINGTON BUSINESS  
HALL OF FAME

Greater Washington Board of Trade Junior Achievement WASHINGTONIAN

The Washington Business Hall of Fame honors regional business leaders for excellence in business, community involvement, and visionary leadership. These Laureates have risen to the vanguard of their respective industries and now serve as role models, inspiring young people to follow their dreams and to find their own success.

Over the years, the Washington Business Hall of Fame has grown into a premiere event that attracts some of the Region's top leaders in business, government, education, sports, and entertainment. In 2006, close to 1,400 attended, making it one of the most successful in our history, with proceeds supporting Junior Achievement's efforts to inspire and prepare young people to succeed in a global economy.

Visit [www.washingtonbusinesshalloffame.org](http://www.washingtonbusinesshalloffame.org) to see the complete list of past and present honorees or to find out more about the event.

2003 Laureate Ted Lerner, principal owner of the Washington Nationals, and CNN anchor Wolf Blitzer.

NBC4 anchor Jim Vance, emcee of the 2006 Washington Business Hall of Fame dinner, catches up with DC Delegate Eleanor Homes Norton.

U.S. Treasurer Anna Escobedo Cabral delivered brief remarks before introducing 2006 Youth Entrepreneur of the Year Kailyn Cage.

Ted Leonsis, Majority Owner of the Washington Capitals, was on hand to introduce his friend Laureate Jeong Kim to the crowd.

Ed Cohen, Chair of the 2006 Washington Business Hall of Fame, pictured with Eleanor Merrill, Publisher Emeritus, The Washingtonian.

# Bowl-A-Thon

The 2007 Junior Achievement Bowl-A-Thon was a tremendous success!

Once again, JA was honored to have Leon Harris of ABC7/WJLA-TV and Shawn Springs of the Washington Redskins host the 23rd annual event which attracted over 2,500 participants who volunteered their weekend to bowl and raise funds for Junior Achievement!

As our second largest fundraiser, the 2007 Bowl-A-Thon helped raise awareness and resources for Junior Achievement programs, specifically JA After-School.

Special thanks to our presenting sponsors for their generous support: ABC7/WJLA-TV, Capital One, and PricewaterhouseCoopers.

To get involved in this exciting fundraiser, please visit [www.JAbowl.org](http://www.JAbowl.org).

Sponsored by:

WJLA Washington

Far Left: Leon Harris ABC7/ WJLA - TV Anchor and Co-Chair of the 2007 JA Bowl-A-Thon. Above: Congressman Chris Van Hollen (D-MD), ABC7/ WJLA – TV Anchor and Co-Chair Leon Harris, Junior Achievement President and CEO Ed Grenier and ABC7/WJLA Chief Meteorologist Doug Hill stop for a picture at the 2007 Recognition Bowl event.

Reznick Group bowlers Amelie Eagan, Ramiro Lindado, Chris Gaegler, James Mitchell, and Shelley McGonnigal show their support alongside Washington Nationals mascot, Screech.
