## Volunteers

## From a Volunteer

*"Many years ago Howard University first encouraged me to volunteer with Junior Achievement. The program has only gotten better with time. I am continually amazed at how organized and responsive Junior Achievement is with helping students gain exposure to business and entrepreneurship. The resources are outstanding and keep students involved, it is a wonderful privilege and opportunity. This is a win-win that always ends up leaving me inspired."*

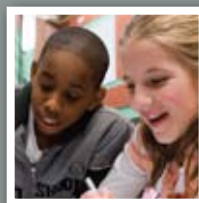

Harold Wolfinger  
Electronic Transaction Association

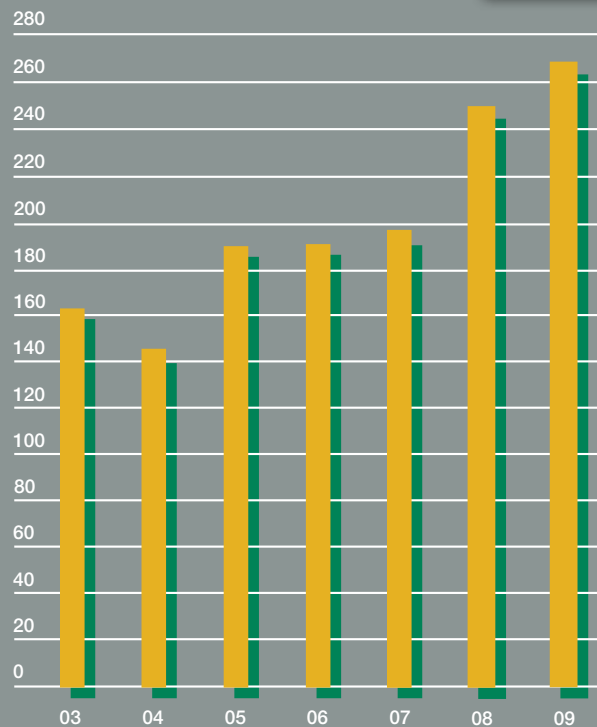

## From a Teacher

*"Junior Achievement has allowed for the students to become actively involved within their community, fostered their leadership skills, and has provided them opportunities in engaging with various professionals in fields they are pursuing. The experiences that JA has provided will last a lifetime and will continue to play an instrumental role on our future generations."*

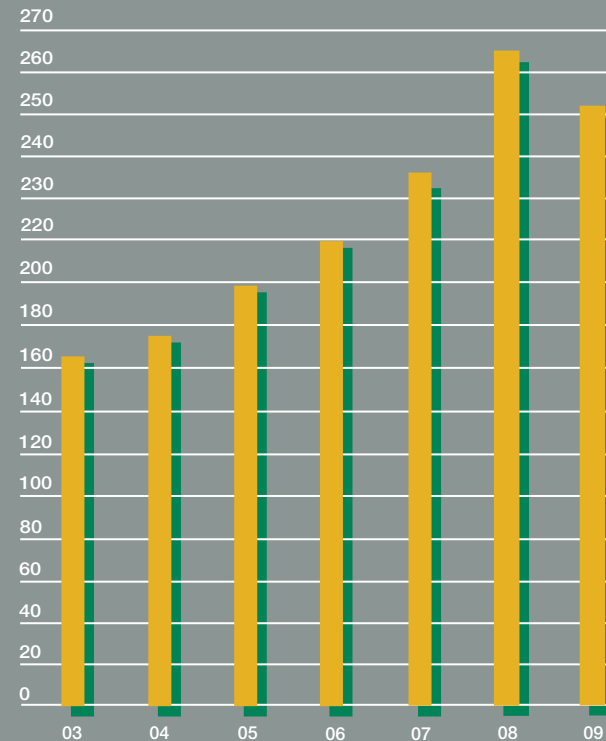

Kimberly R. Fields  
Department Chair of Business & IT  
FBLA Coordinator  
George C. Marshall HS

## From a Student

*"Through my experience being a part of the (JA Company Program) Bengal Café I have learned to work with my peers as well as establish long lasting contacts and friendships. I have experience that will allow me to be successful in my chosen career path of business marketing. I truly believe that if you have a mind set of success, a simple idea can turn into even more than you expected. It was so interesting for me seeing the business go through all of the stages of maturity and growth, things we read in the textbook but I never got to see for myself until the Bengal Café."*

Crystal Gwanmesia  
12th grade  
James Hubert Blake High School

# Focus on the Future

To the Junior Achievement Community:

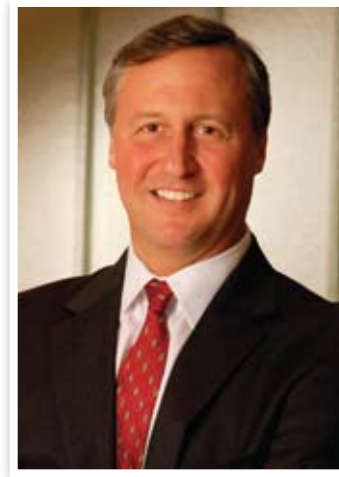

At the conclusion of one of our classes, one student summed up the JA curriculum as “...a good way to prepare ourselves for our financial future.” We couldn’t agree more!

Today, as ever, we **Focus on the Future**. Junior Achievement of the National Capital Area is dedicated to inspire and prepare young people to succeed in the global economy. JA is at the forefront of providing the students of Greater Washington with skills in work readiness, entrepreneurship and financial literacy.

With your support of our work, we continue to accomplish significant milestones on behalf of the next generation. On the pages that follow, and in the classrooms in which we see direct results, we proudly reflect the enthusiasm and dedication of our volunteers. We are honored to work with so many highly-engaged and committed people.

With a solid heritage of proven results, Junior Achievement of the National Capital Area is moving aggressively to meet the growing demand for financial literacy in the months and years ahead. This demand is real: legislatures throughout our region have initiated educational directives upon their school systems that require a new level of concerted attention among our educators and students.

Keeping our **Focus on the Future**, Junior Achievement will meet the expectations of thousands of young people who deserve our best efforts. Thank you for joining with us as we lead the financial literacy movement in Greater Washington.

## Youth Entrepreneur of the Year®

In June, **Junior Achievement and Ernst & Young, LLP** proudly presented Timothy Hwang with the 2009 Youth Entrepreneur of the Year Award during the Ernst & Young Entrepreneur of the Year Greater Washington Awards Gala at the Ritz Carlton in Tysons Corner.

2009 Youth Entrepreneur of the Year winner Timothy Hwang with JA President Ed Grenier (left) and Ernst & Young LLP Greater Washington Managing Partner and JA Board Member, Kevin Virostek (right).

Each year, the award recognizes an area high school student who embodies the entrepreneurial spirit promoted by JA and who demonstrates the ability to successfully launch and manage a business.

Timothy, who is 17, was honored for founding Operation Fly Inc. ([www.operationfly.org](http://www.operationfly.org)), a non-profit organization that provides services to the homeless. He founded the organization in 2007 after witnessing extreme poverty while volunteering in Guatemala two years prior. In an effort to combat the problem locally, Timothy recruited several of his friends to help the homeless in

Washington, DC, funding the organization's efforts by offering a low-cost tutoring program to area students. Since then, Operation Fly Inc. has expanded to involve hundreds of high school students at 20 chapters in Washington, DC, New York, Chicago, Baltimore, and Boston. Timothy is now a senior at Thomas S. Wootton High School in Rockville, MD.

Junior Achievement and Ernst & Young congratulate this young entrepreneur for his success.

## Junior Achievement Essay Competition

In fall 2008, Junior Achievement of the National Capital Area and David M. Rubenstein, Co-Founder and Managing Director of The Carlyle Group, held an essay competition on the topic "Greater Washington—Why it's the Best Region to Build and Grow a Business." A panel of independent judges carefully reviewed the students' essays and chose ten winners, with one first place essay and nine runners up.

Out of the distinguished group of winners, Justin R. Wolin's essay was chosen as the first place winner, for which he received a \$20,000 award. Justin also had his essay published in the February 2009 issue of the *Washingtonian*. Each of the nine runners up received a \$10,000 award.

In December 2008, David M. Rubenstein announced the topic for the 2009 Junior Achievement Essay Competition, "How Can Greater Washington Companies Responsibly and Effectively Deal with

the Economic Challenges Facing the United States?" The winning essays for both years are posted online at [www.myJA.org/students/essay/](http://www.myJA.org/students/essay/).

"We appreciate Junior Achievement programs as valuable resources for teaching our students entrepreneurial skills and preparing them for an increasingly competitive workplace. Junior Achievement programs support standards of learning, can be integrated into curricula, and give students an opportunity for practical applications of business and economic concepts. As superintendents, we strongly support Junior Achievement and the programs that it provides."

# Programs

Junior Achievement uses hands-on experiences to help young people understand the economics of life. In partnership with business and educators, Junior Achievement brings the real world to students, opening their minds to their potential. Throughout JA's sequential and integrated kindergarten through grade 12 programs, students use information, apply basic skills, think critically, and solve complex problems. JA is the successful bridge between education and business. Junior Achievement of the National Capital Area served 41,564 children in the 2008–2009 academic year through in-classroom and after-school programs.

## Elementary School

The Elementary School Programs include six sequential themes for kindergarten through fifth-grade. Students learn the basic concepts of business, economics, and financial literacy, while seeing the relevance of education to the workplace. The sequential activities build on studies from each preceding grade and prepare students for secondary school and lifelong learning. Junior Achievement of the National Capital Area reached 21,667 elementary school students during the 2008–2009 academic year.

**Ourselves® (Kindergarten)** uses compelling stories read aloud by the volunteer along with hands-on activities to demonstrate helping, working, earning, and saving.

**Our Families® (First Grade)** emphasizes the roles people play in the local economy and engages students with activities about needs and wants, jobs, tools and skills, and interdependence.

**Our Community® (Second Grade)** explores the interdependent roles of workers in a community, the work they perform, why workers are paid, what taxes are and how they are used, and where to save money.

**Our City® (Third Grade)** studies career opportunities, the skills people need to work in specific careers, economic development, and how businesses contribute to a city.

**Our Region® (Fourth Grade)** introduces the relationship between the natural, human, and capital resources found in different regions and explores regional businesses that produce goods and services for consumers.

**Our Nation® (Fifth Grade)** provides practical information about businesses' need for individuals who can meet the demands of the job market, including high-growth, high-demand jobs. Students learn that businesses need workers with skills that are in demand, such as skills in science, technology, engineering, and math.

**Capstone Experience JA BizTown™** combines in-class learning with a day-long visit to this fully-interactive simulated town facility. The program helps students connect the dots between what they learn in school and the real world through daily lessons and hands-on activities.

## Middle School

Junior Achievement has several highly effective programs for middle grade and junior high school students that reinforce the value of education and teach students about the future economic benefits of staying in school. Students are introduced to many economic concepts and useful facts about the working world. The Middle Grade Programs build on concepts learned in Junior Achievement's Elementary School Programs and help teens

make difficult decisions about how to best prepare for their educational and professional future. The programs supplement standard social studies curricula and help to develop communication skills that are essential to success in the business world. Junior Achievement of the National Capital Area served 5,639 middle school students during the 2008–2009 academic year.

**JA America Works™** provides students with examples of how business and entrepreneurship affected the economic development of the United States during the 19th century.

**JA Economics for Success™** explores personal finance, students' education, and career options based on their skills, interests, and values. It also demonstrates the economic benefits of staying in school.

**JA Global Marketplace™** is designed to provide practical information about the key aspects of the global economy, what makes world trade work, and how trade affects students' daily lives.

**Capstone Experience JA Finance Park™** helps students build a foundation for making intelligent, lifelong, personal financial decisions through hands-on, realistic site-based experiences. The program includes in-school, teacher-led activities culminating in a visit to JA Finance Park and a post-visit assessment.

# Programs

## High School

As high school students begin to position themselves for their future, there are many unanswered questions about what lies ahead. Junior Achievement's High School Programs help students make informed, intelligent decisions about their future and foster skills that will be highly useful in the business world. Junior Achievement teaches about concepts ranging from microeconomics and macroeconomics to free enterprise. The volunteers bring real-life business experience and guidance into the classroom at a time that represents an essential crossroads for young people. Junior Achievement of the National Capital Area served 6,559 high school students during the 2008–2009 academic year.

**JA Banks in Action®** teaches high school students the principles of the banking industry, introduces them to the challenges of successfully operating a bank in a competitive environment, and encourages them to become better citizens and smarter consumers.

**JA Be Entrepreneurial®** focuses on challenging students, through interactive classroom activities, to start their own entrepreneurial venture while still in high school.

**JA Business Ethics®** fosters students' ethical decision-making as they prepare to enter the workforce and take part in the global marketplace.

**JA Careers with a Purpose®** introduces students to the importance of seeking careers that help them realize their life potential and noble purpose. The program demonstrates the importance of positive values, life maxims, and ethical decision-making within the context of career and life decisions.

**JA Company Program®** provides basic economic education for high school students. By organizing and operating an actual business enterprise, students not only learn how businesses function, but also learn about the structure of the U.S. free enterprise system and the benefits it provides. The program emphasizes business content, while providing a strong focus on social studies, mathematics, reading, and writing skills.

**JA Economics®** reinforces concepts of micro- and macroeconomics by having students explore the basic characteristics of the U.S. economic system and how economic principles influence business decisions.

**JA Exploring Economics®** teaches concepts such as supply and demand and inflation, and teaches students about the effect which governments and the individual have on the global economy and on the price of a loaf of bread.

**Junior Achievement Presents: The NEFE High School Financial Planning Program** introduces students to the importance of making wise financial choices. Students explore the role that money plays in achieving personal goals throughout life.

**JA Success Skills®** has students participate in challenging exercises to help them develop personal strategies to achieve lifelong learning pursuits and career opportunities. Team-building exercises test their problem-solving and critical-thinking skills, as well as their ability to communicate, negotiate, and lead.

**JA Titan®** introduces critical economics and management decisions through an interactive simulation. Students apply their knowledge of business as they compete online in the highly competitive industry of the fictional Holo-Generator.™

**Capstone Experience JA Job Shadow™** takes students into the workplace to learn about careers through one-day, on-site orientations or through more extensive internships. It is an authentic work-world experience enhanced with classroom preparatory and follow-up activities.

**Local Program MCBRE 720 Program** teaches ninth grade students about the importance of maximizing their transcript, managing their online identity, and practicing smart financial habits.

## After-School

Junior Achievement offers regular classroom programs in an after-school setting as well as two programs designed specifically for after-school, *JA More than Money* and *JA It's My Business!* These programs meet the after-school programming needs of a diverse group of youth by providing engaging, academically enriching, and experiential learning sessions in economic education. *JA More than Money* encompasses economics and business curriculum for students in grades three through five, while *JA It's My Business!* covers material appropriate for grades six through eight. Junior Achievement of the National Capital Area reached 7,699 after-school students during the 2008–2009 academic year

**JA More than Money™** teaches students about earning, spending, sharing, and saving money, and businesses they can start or jobs they can perform to earn money.

**JA It's My Business!™** emphasizes entrepreneurship while providing a strong focus on social studies, reading, and writing skills. Students are encouraged to use critical thinking to learn entrepreneurial skills that support positive attitudes as they explore and enhance their career aspirations.

# Junior Achievement Finance Park

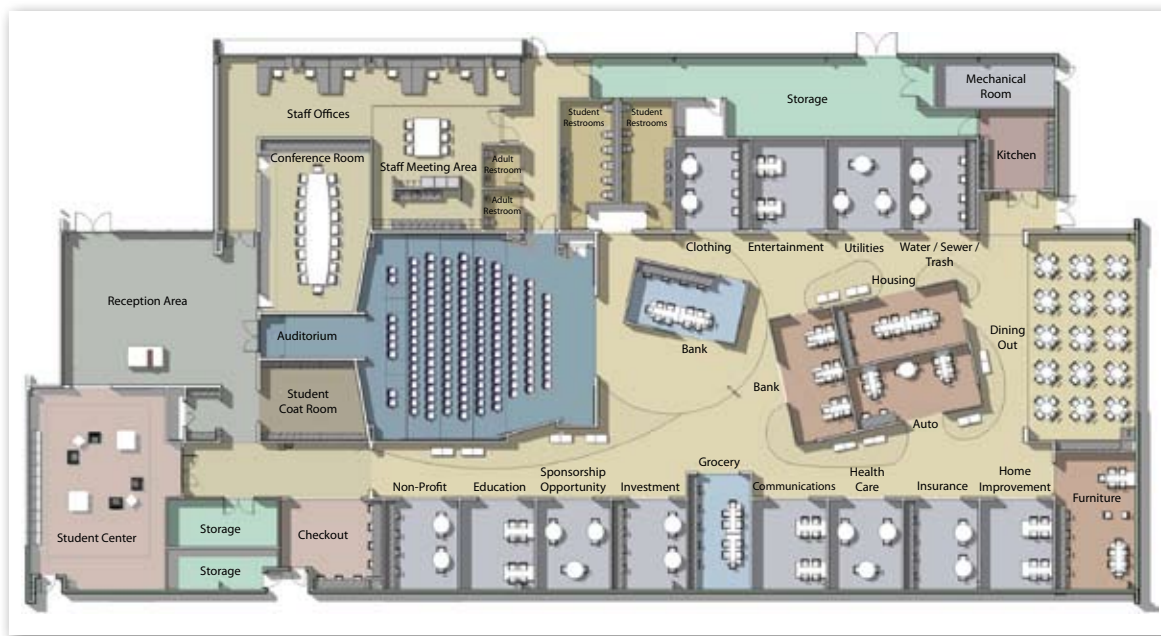

## Building Financial Skills for Life

At no time in recent history has the need for financial literacy education been more visible and widespread than today.

Many states have joined the movement to legislate financial literacy as a core curriculum component. In the Commonwealth of Virginia, the State Board of Education has mandated the implementation of financial literacy across middle and high school. Similar bills in Maryland and the District of Columbia require financial literacy education.

Through the generous support of Capital One's \$2.5 million lead gift, ground was broken on Junior Achievement Finance Park on June 5, 2009 — marking this as the first major step forward in Greater Washington to ensure that the next generation is prepared to handle their finances. This 20,000-sq.-ft., state-of-the-art facility will offer all 8th grade students in Fairfax County Public Schools, and many other students from around the region, the opportunity to simulate building an adult budget.

Once Junior Achievement Finance Park opens, students will become an integral part of a new generation that knows how to build a personal budget and wisely manage their finances. Most importantly, it will instill the confidence in young people to take control of their own destiny by being financially fit for life.

The conceptual renderings shown on this page, provided by building design firm Gensler, offer a glimpse into the state-of-the-art facilities planned for Junior Achievement Finance Park.

# Washington Business Hall Of Fame

The five 2008 Washington Business Hall of Fame inductees: Donald E. Graham, Richard D. Fairbank, Linda D. Rabbitt, Milton V. Peterson, and Mandell J. Ourisman.

WASHINGTON BUSINESS  
HALL OF FAME

Greater Washington Board of Trade Junior Achievement WASHINGTONIAN

On December 2, 2008, five outstanding individuals were inducted into the Washington Business Hall of Fame for their excellent leadership and achievements within the local business community. The 2008 Laureates were:

- Richard D. Fairbank**, Chairman & Chief Executive Officer, Capital One
- Donald E. Graham**, Chairman and CEO, The Washington Post Company
- Mandell J. Ourisman**, Chairman of the Board, Ourisman Automotive Enterprises
- Milton V. Peterson**, Founder, The Peterson Companies
- Linda D. Rabbitt**, Chairman & CEO, rand\* construction corporation

The celebration brought together over 1,100 of Greater Washington's top business executives, representing over 200 local businesses. The evening raised over \$1 million to fuel Junior Achievement's mission to bring financial literacy to the students of Washington, DC, Maryland and Virginia.

For more information or photos of the evening please go to [www.WashingtonBusinessHallofFame.org](http://www.WashingtonBusinessHallofFame.org).

Steve Snider, Founding Member, Snider & Weinstein PLLC, chaired the event.

JA students were at the event helping usher guests into the reception and escorting presenters onto the stage.

Leon Harris, ABC7/WJLA-TV Anchor, emceed the event.

Washington Capitals owner Ted Leonsis and AOL founder Jim Kimsey, a 2000 laureate.

Linda Rabbitt escorted by JA student, Jahleel Marlow.

Presented by:

# Bowl-A-Thon

Kelly Gibson, Director of Corporate Communications for Washington Gas and Leon Harris, Anchor at ABC7/WJLA-TV and Junior Achievement board member, work hard to make sure the event is fun for everyone.

Ernst & Young LLP employees strike a pose with their bowling balls.

Make sure your company does not miss the fun and excitement of the Junior Achievement Bowl-A-Thon. This “Party with a Purpose” is full of laughs, high-fives and is an overall great time for everyone. In 2009, colleagues, friends, and family spent a day bowling and winning prizes while supporting Junior Achievement’s mission of promoting financial literacy.

Leon Harris, Anchor at ABC7/WJLA-TV and Junior Achievement board member, enthusiastically hosted everyone who participated.

The Bowl-A-Thon provided an opportunity for companies to raise over \$350,000 — funds used to support Junior Achievement programs and help bring financial literacy to over 41,000 area youth in this year alone. Special thanks to BB&T for their amazing efforts in raising over \$38,000.

For more information or to get involved in this great event, please visit [www.JAbowl.org](http://www.JAbowl.org).

The CACI Gold team focuses on the game while showing team spirit.

Participants from KPMG, a JA Bowl-A-Thon Presenting Sponsor, display their enthusiasm by showing off their team shirts for a picture.

Presented by:

Co-workers at the JA Bowl-A-Thon enjoy great competition and the chance to support a wonderful cause.
