Storefronts

AUTOMOTIVE SERVICES

Owning a car is something these young people look forward to. But, most don't understand just how expensive it can be at the Gas Station and what it takes to maintain a vehicle. As the Automotive Services Storefront partner, inspire JA Finance Park graduates to make smart choices when they're thinking about how they'll one day get from point A to point B.

COMMUNICATIONS:

PHONE, INTERNET, CABLE

As the Communications Storefront partner, you will show students the technology available to them and challenge them to determine just how connected they can afford to be.

FURNITURE

As the Furniture Storefront, you will challenge these young people to think carefully about their style choices and how it will impact their ability to make it to the end of the month ahead.

HOME IMPROVEMENT

As the Home Improvement Storefront partner, you can challenge kids to think about the costs beyond the front door and how they'll adjust the first time they get the news that they need new windows or a new roof.

Other opportunities

CONFERENCE ROOM

The JA Finance Park Conference Room serves as a key area within the park for training some of the 1,800 volunteers who guide students through the JA Finance Park experience each year, as well as a room that is utilized by JA® staff and other outside stakeholders throughout the year.

Additional partnership opportunities:

- Auditorium Chairs
- Benches
- Business Wall
- Career Center Displays
- Educational Exhibits
- Mural
- Street Signs
- Student Orientation
